REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is the filing of the terminal disclaimer herein and the filing of terminal disclaimers in other related applications. Inventor's name searches were performed for possible double patenting. Some patents found thereby were excluded from obviousness type double patenting rejections based on the different scope between the claims, i.e., the lack of reciting that oil contains a wax and/or thickener in the oil phase, or hydrocolloid free preparations, etc. The double patenting rejection over 10/081,779 is waived to let this application issue, while an obviousness type double patenting rejection in the '779 application will be made over the instant application/patent, if applicable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael G. Hartley whose telephone number is (571) 272-0616. The examiner can normally be reached on M-F, 7:30-5, off alternative Mondays.
